Dear Derek

Just a quick letter to express my complete satisfaction at the control and installation standard of the air cooling system installed by yourselves at our premises in Saltaire.

I appreciate how hard it is to work in an occupied office but the work went ahead with very little disruption to our staff. I was very impressed with Simon and his colleagues whose workmanship was excellent and the system seems to be working well. (Although our poor summer so far has meant we are still to feel the true benefit)

I will not hesitate to contact you in future and will pass your details on should anyone ask.

Yours sincerely
